SUBJECT: **“DICT-Huawei Emerging Technology Workshop #5 – ‘5G+’ Accelerate Industry Transformation and Boom Digital Economy”**

DATE: 29 September 2021

In 2021, more and more countries will launch or deploy 5G on a large scale. As a powerful digital technology, 5G is changing the whole society while 5G+AI/Cloud/Big data triggered industry scenario and gives an extra boost to the fourth industrial revolution that are so promising today. In the digital transformation of vertical industries, government officials need to keep pace with the trend, understand and gain insights into the key role of 5G in the industrial Internet, and proactively think about how to encourage local industries to upgrade their industries through 5G+industry Internet innovation to promote the rapid development of the local digital economy.

To our partners in the academe/ICT industry/Local Government Units/ National Government agencies, and guests, we sincerely invite you to join us as we move forward to the 5th leg of our Emerging Technology Workshop series with the topic **“‘5G+’ Accelerate Industry Transformation and Boom Digital Economy”** on **October 28, 2021**, from **9:00 AM - 4:30 PM** via video conferencing.

The registration link for the event is **“<https://bit.ly/ILCDBEventsForm>”**. Should you have any queries, please send an email to ilcdb.registrar@dict.gov.ph.

Thank you.

ALVIN M. NAVARRO

Assistant Secretary for Digital Capability and Transformation
and OIC - Director IV, ILCDB
