CHEDRO-III MEMORANDUM  
No. 149, s. 2022

For : **ALL PRESIDENTS/HEADS OF HIGHER EDUCATION INSTITUTIONS IN  
CENTRAL LUZON**

Subject : **2<sup>nd</sup> International Conference for Graduate Studies**

Date : October 6, 2022

The Commission on Higher Education-Central Luzon Region (CHED-CLR) endorses the **2<sup>nd</sup> International Conference for Graduate Studies** via **Online Zoom Conference** application on **October 20-22, 2022**. The virtual conference will gather professionals such as IT experts, educators, engineers, researchers, entrepreneurs, linguistics, and heads of schools around the world. This year's theme is anchored on: **"Advancing Technology Development, Research Excellence and Innovative Leadership to the Next Normal."**

This conference focuses on development, excellence and leadership. Digital technologies and business models will drive productivity through development, conducting research and utilizing its output will drive excellence and a data-driven decision support paradigm will generate flexible leadership. In this conference, the next normal business models, products, technologies, strategies and leadership will be the foci of discussion with invited guests from different fields. It will likewise highlight the discussions on six (6) Sustainable Development Goals (SDGs): SDG 17-Partnerships for the goals, SDG 11-Sustainable cities and communities, SDG 12-Responsible consumption and production, SDG 9-Industry, innovation and infrastructure, SDG 4-Quality education, and SDG 8-Decent work and economic growth. The 17 goals were adopted by all UN Member States in 2015, as part of the 2030 Agenda for Sustainable Development which set out a 15-year plan to achieve the goals.

Attendees at the conference will work, discuss and inspire other academic institutions globally, CSOs, networks, educators as well as policy makers, businesses and the youth to achieve the Sustainable Development Goals through Advancing Technology Development, Research Excellence and Innovative Leadership to the Next Normal keeping in mind the spirit of the agenda of leaving no one behind.

Papers presentations will also be highlighted in the said conference along the following clusters:

1. STEM Session (Science, Technology, Engineering and Mathematics)
2. BEPSS Session (Business, Education, Policy and Social Sciences)

Dear DR. LEONIDA B. SIGUA-CALAGUI;

Greetings from NEUST Graduate School.

This State University will hold the **2<sup>nd</sup> International Conference for Graduate Studies (GRADSCON2022)** on October 20-22, 2022 via Online Zoom Conference Application. The virtual conference will gather more than 1,000 professionals such as IT experts, engineers, educators, researchers, entrepreneur, linguistics, head of schools, etc. around the world. It's free and we will not collect any payment for this. This is a pure help to our Graduate School Community. It will consist of talks about Technology Development, Research Excellence, and Innovative Leadership. The conference theme is **"Advancing Technology Development, Research Excellence, and Innovative Leadership to the Next Normal"**

As one of the staunch advocates of *Advancing Graduate Education*, we hope to endorse this event to your office for wide dissemination. We also invited DR. EFREN ABULENCIA as one of our special guests for the said event.

We hope you would be able to accept and endorse this event by your office. The participants and organizers will benefit a lot from this conference. If you have queries, please contact us at [estebanallenpaul@neust.edu.ph](mailto:estebanallenpaul@neust.edu.ph) or [estebanallenpaul@gmail.com](mailto:estebanallenpaul@gmail.com).

Thank you.

#### Background

This year's conference theme is “Advancing Technology Development, Research Excellence, and Innovative Leadership in the Next Normal”. It will be preceded by a series of webinars to feed the Development, Excellence, and Leadership with intellectual insights. Digital Technologies and business models drive productivity through development, conducting research and utilizing its output will drive excellence, and a data-driven decision support paradigm will generate flexible leadership. These three important aspects of this conference have the potential to enable innovative start-ups, prosper the imagination and ideas through research, and implement good leadership thinking. In this conference, the next normal business models, products, technologies, strategies, and leadership will highlight the center of discussion with invited guest speakers from different fields.

This academic conference will also bring and highlight the discussions on six (6) Sustainable Development Goals (SDGs): [SDG17] Partnerships for the goals, [SDG 11] sustainable cities and communities, [SDG 12] responsible consumption and production, [SDG 9] industry, innovation and infrastructure, [SDG 4] quality education, [SDG 8] decent work and economic growth. The 17 Goals were adopted by all UN Member States in 2015, as part of the 2030 Agenda for Sustainable Development which set out a 15-year plan to achieve the Goals.

#### Accepting Research Paper from these Clusters:

1. STEM Session (Science, Technology, Engineering, and Mathematics)
2. BEPSS Session (Business, Education, Policy, and Social Sciences)

#### Conference Outcome

Attendees at the conference will work, discuss and inspire other academic institutions globally, CSOs, networks, and educators, as well as policymakers, businesses, and youth, to achieve the Sustainable Development Goals through Advancing Technology Development, Research Excellence, and Innovative Leadership to the Next Normal keeping in mind the spirit of the agenda of leaving no one behind. The selected paper will be published in digital format and widely shared through the official conference website and social media platforms, to guide individuals and institutions alike to inspire their programs and initiatives.
