CHEDRO-III MEMORANDUM
No. 716, s. 2024

For : **ALL PRESIDENTS/HEADS/OFFICERS-IN-CHARGE OF HIGHER EDUCATION INSTITUTIONS IN REGION III**

Subject : **THE FIRST BuISU INTERNATIONAL EDUCATION SUMMIT 2024**

Date : **April 19, 2024**

This Office endorses the First Bulacan State University Education Summit 2024 with the theme: Sustainability for Quality and Excellence through Transformational Outcomes-Based Education on May 14-16, 2024 at the Malolos Sports and Convention Center.

The event shall be a three-day education and curriculum summit that will initiate and spearhead the engagement of leaders and faculty members of the different SUCs in the region in an important dialogue about each institution's future and attain a consensus on the identified theme.

The end of the three-day summit, participants are expected to:

1. Streamline the curricular offerings in accordance with the worldwide context, aligning goals with industry standards, fostering innovations and lifelong learning;
2. Discuss outcome-based framework in their own curricular setting;
3. Establish and generalize transformational OBE's essence and potential in their own institution;
4. Discuss the potential and possibilities of the connections between CDIO Framework and OBE;
5. Conduct curriculum mapping and align outcomes;
6. Develop appropriate and effective instructional methods and strategies; and
7. Develop a support system that will strengthen institutional goals, internationalization, and collaboration.

Interested participants may pre-register at <https://forms.gle/8FbLa7QggUqSTxvi6>. To learn more about this activity, they may also visit <https://www.facebook.com/bulsuofficial>.

Enclosed is the event briefer, for ready reference. Please contact Dr. Remedios O. Azarcon, Summit Chair, via email at remedios.azarcon@bulsu.edu.ph or through mobile number +63-9324314355, for further inquiries.

Dissemination of the contents of this Memorandum is desired.

DR. LORAL YUSI
Director IV

THE FIRST BuISU INTERNATIONAL EDUCATION SUMMIT 2024

THEME: SUSTAINABILITY FOR QUALITY AND EXCELLENCE THROUGH TRANSFORMATIONAL OUTCOMES- BASED EDUCATION

RATIONALE:

BuISU was primed to be and gained the status of being one of the premier state-operated institutions of higher learning not only in the region but even in the whole country. A testament to this is the acquisition of different recognitions and distinctions from the different local and international accreditation bodies. In addition, being considered the biggest producer of highly skilled professionals and a provider of programs with higher distinctions in the region. In line with its continued pursuit to give effective and high-quality educational programs to students geared toward the constant realization of the University's vision and mission, together with its core values, is the aspiration to keep and surpass what was established from its tradition of excellence. That could only mean paving the way for the creation of opportunities and breaking boundaries that will set BuISU to the global stage.

At this juncture, the EDO under the OVPAA came to the idea of setting that stage through an education summit that will serve as a visionary flame that will sustain BuISU's mission and vision of empowering every student as well as her faculty and leaders toward global competitiveness. The time has come to reflect anew and deeper on what we expect of our graduates and their readiness for the changes that are rapidly evolving globally. It is also within this goal that Transformational OBE could best be fitted for the said purposes.

Transformational OBE **subordinates course content to key issues, concepts, and processes**. Indeed, Spady calls this the "highest evolution of the OBE concept." which measures the learning outcomes of students in terms of broad categories of disciplinary knowledge and skills (i.e., multi-disciplined), generic competencies, attitudes and values required by the industry or society (Spady, 2017).

DESCRIPTION:

The event shall be a three-day summit that will initiate and spearhead the engagement of leaders and faculty members of the different SUCs in the region in an important dialogue about each institution's future and attain a consensus on the identified theme.

It shall be an event that centers on conversations between HEI leaders and experts in the field of Transformational OBE, CDIO Framework, Internationalization, Interdisciplinary and Multidisciplinary Approaches and Assessment and Feedback.

OBJECTIVES:

At the end of the three-day summit, participants are expected to:

1. streamline the curricular offerings in accordance with the worldwide context, aligning goals with industry standards, fostering innovations and lifelong learning;
2. discuss outcome-based framework in their own curricular setting;
3. establish and generalize transformational OBE's essence and potential in their own institution;
4. discuss the potentials and possibilities of the connections between CDIO Framework and OBE;
5. conduct curriculum mapping and align outcomes;

6. develop appropriate and effective instructional methods and strategies; and
7. develop a support system that will strengthen institutional goals, internationalization, and collaboration.

METHODOLOGY:

1. Create an ad hoc committee that will oversee the organization of the summit.
2. Create a working committee that will do the planning, execution, and evaluation.
3. Create a committee that will look for possible sponsors to cater to the financial aspects.
4. Invite qualified speakers to speak on the first-day plenary session and morning sessions on the preceding two days.
5. Assign registration fees from the participants to cover the expenses.
